

## 2019 Awards

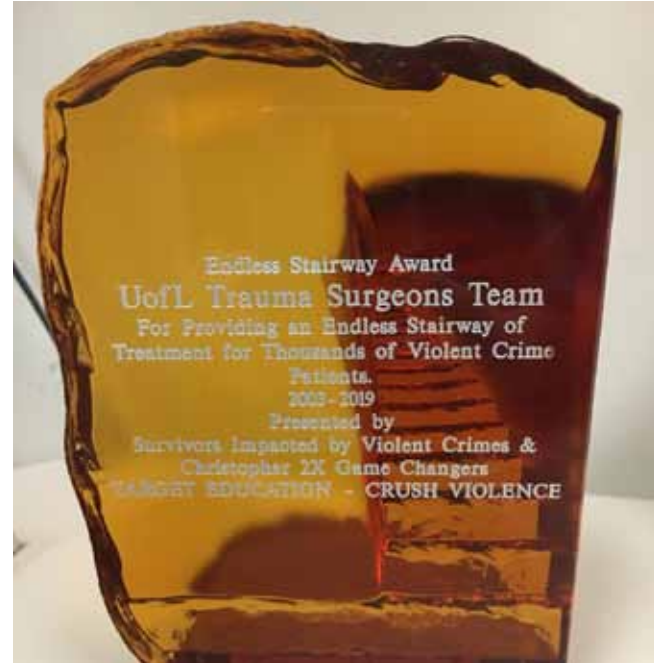

On Sept. 5, 2019, three former patients, anti-violence advocate Christopher 2X and Russell Coleman, United States Attorney for the Western District of Kentucky, visited UofL Hospital to present awards to the UofL Hospital trauma outreach team and the UofL Hospital trauma surgery team in recognition of life-saving care provided to gunshot wound victims from 2003-2019.

Gunshot wound survivors Sheronda Morris Jasper, Cierra Twyman Miller, and Dionte Reed shared their stories and personal words of thanks to the nurses and physicians for the care that allowed each of them, as well as thousands of other victims of violence, to recover from their wounds.

“We appreciate you putting your blessed hands on us. You put us back together piece by piece, hoping for us to have a better life. You put your life aside to make sure our wounds are healed.”
